

DEWALT DWE4277-LX 125MM SMALL ANGLE GRINDER 1250W 110V

MODEL # DWE4277-LX

- Dust ejection system removes the majority of debris from the air which passes over the motor; preventing abrasion and tracking
- Ergonomic main handle with rubber grip allows for maximum comfort when grinding for long periods of time
- Abrasion protected motor for increased durability

FEATURES:

- Dust ejection system removes the majority of debris from the air which passes over the motor; preventing abrasion and tracking
- Ergonomic main handle with rubber grip allows for maximum comfort when grinding for long periods of time
- Abrasion protected motor for increased durability
- New guard design allows guard fitment; adjustment or removal without the use of tools; for increased flexibility
- Anti-vibration side handle to improve user comfort
- Pop off brushes protect the armature from damage at the end of brush life resulting in greater motor durability
- The low profile gear case allows access in confined areas

- Anti-lock flange prevents flanges from permanently locking up and locking the disc on
- One-piece brush arm prevents brush hang-up in extreme conditions
- Side positioned spindle lock gives greater protection to button when using in confined spaces
- Fully leaded stator windings for increased motor durability
- One-piece gear case ensures perfect gear alignment which results in longer gear life

SPECIFICATIONS:

- Power Input: 1250 watts
- Power output: 6802watt
- No Load Speed: 9000rpm
- Max. Disc Diameter: 125mm
- Spindle Thread: M14
- Weight: 2.6kg
- Height: 385mm
- Hand/Arm Vibration-Grinding: 11.9m/s²
- Uncertainty K 1 (Vibration): 1.5m/s²
- Hand/Arm Vibration-Sanding: 1.7m/s²
- Sound Pressure: 94dB(A)
- Sound Pressure Uncertainty: 3 dB(A)
- Sound Power: 65 dB(A)
- Sound Power Uncertainty: 3dB (A)
